

WELCOME MESSAGE

Dear colleagues,

Developments in medicine, particularly in diagnosis and therapy, require medical practitioners to continuously improve their knowledge, therefore they should always follow the scientific activities. The knowledge is then expected to be applied in community in accordance with the scientific progress in pulmonology and respiration. "Pertemuan Ilmiah Respirologi (PIR)" Malang 2016 comes with a series of scientific activities that will discuss the latest diagnosis and management in medicine particularly in pulmonology and respiration. Respiratory cases require optimal management based on the new paradigm that will enhance our efforts in improving our service quality to the community. As the organizing committee of The Indonesia Society of Respirology from Malang branch, we proudly invite you to join PIR Malang 2016. The meeting will be held on October 8th – 9th 2016 to discuss "The Increasing Science and Practice of Respiratory Medicine". We look forward to meet you there.

Best regards,
dr. Ngakan Putu Parsama Putra, Sp.P(K)

COMMITTEE

PATRONAGE

1. Chairman of Center PDPI
